- A *dependent child* is under age 18, claimed by the parent(s)/guardians on their taxes, and living in their home.
- Large families welcome! There is not a limit on the number of children that can be included on the Family Season Pass, but again, all children must be minors under the age of 18 and dependents of the parent/guardian(s).
- As many as, but not more than, two parents may be included on the Family Pass. For example, it is not permissible to include Dad & Stepmom and Mom & Stepdad plus kids on ONE pass.
- The Foundation understands families are often blended or non-traditional. To purchase a Seasonal Family Pass, parents must be legal guardians and children must be under 18 years old, dependents, and living in the parent(s) household.
- The Foundation reserves the right to require proof of partnership, custody, and/or children's ages if it is deemed necessary.
